

Ceremony at Post Office Inaugurates Narberth's New Delivery Mail Service

BURGESS DOWNES MAKES BRIEF ADDRESS, TELLING OF OUR BOROUGH'S GROWTH—PRAISES POSTMASTER HAWS—NEW LETTERS WELCOMED AND INTRODUCED TO CITIZENS.

Narberth stepped into a new era Thursday morning at 8 o'clock, when the new free house-to-house delivery of mail was inaugurated.

There was a brief but appropriate ceremony in front of the Post Office, which was attended by a goodly gathering of our citizens.

Promptly at 8 o'clock Postmaster Edward S. Haws, Burgess Carroll Downes, and the three letter carriers—Messrs. Stewart Hall, Charles E. Officer and Frank H. Englehart, the latter carrying their first bags of mail to be delivered in Narberth, appeared on the steps of the Post Office.

Summoned by Bugle Call.

Many of our residents were already on hand and others were summoned by the bugle call played by Scoutmaster Fred C. Patten. Postmaster Haws then announced that Narberth was about to inaugurate the new delivery service, and assured his fellow-townsmen that he and his entire staff would endeavor to render to our town in the future—as they had always endeavored to do in the past—the very best possible service in every particular.

Burgess Downes Speaks.

Mr. Haws then introduced Burgess Downes, who made a brief address, in the course of which he said:

"We are much indebted to Mr. Haws, our present Postmaster, for his unceasing, well-directed efforts to secure for Narberth and its 3,840 citizens the same sort of free mail delivery that our most modern cities enjoy. In 1914, Mr. Haws took charge of the local office occupying the small building just opposite the present post office. At that time Mr. Haws' force consisted of one assistant and one clerk. Our borough grew so rapidly that the Government was compelled to secure new quarters and the present location seemed to meet all requirements. We have all lived to see this building at certain hours of the day just as much congested as the old building across the street. In the meantime, the post office force has been increased, and now besides the postmaster and assistant, we have three clerks and with the addition of the three carriers, the force will consist of eight persons.

Saving of \$1,700 to Citizens.

"By liberal patronage of the home office the receipts have reached the amount required to insure free service long before our population would warrant it. It is necessary, however, that our people continue to go to their home office for stamps, stamped paper, and to buy money orders, and send their parcel post packages. We must increase the revenue, not diminish it. We must understand that by the establishing of free service the expense of the office will be greatly increased to the Department, but there will be a saving of \$1,700.00 to the patrons who have been paying a yearly box rent. Eighteen street letter boxes will be placed around the borough about October 1st.

"Narberth has grown and will continue to grow. We are proud of the fact that we are strictly suburban, but at the same time we have every modern convenience that might be found in any city, and this addition of free mail service makes us more attractive to the home-maker than ever before.

Citizens' Co-operation Assured.

"The carriers who are leaving this office this morning are men who have had experience in this special line. They are Messrs. Stewart Hall, Chas. E. Officer and Frank H. Englehart. We welcome them to our community and

trust that they will become citizens and property holders. As your Burgess I promise these carriers that they will receive the co-operation of each and every citizen.

"We are indeed grateful to Mr. Haws and to everyone who has been at all interested in securing free mail service. This July 1, 1920, means much to Narberth. Let us grow spiritually as well as materially and make our 'Year Round Home Town' a place that will attract the very best type of citizenship."

Photographers on the Job.

Numerous amateur photographers, as well as newspaper photographers from Philadelphia, were on hand and made many pictures of the scene.

After Burgess Downes finished speaking, he congratulated Postmaster Haws and the three new carriers and extended to the latter an official welcome to our borough. This was a signal for others to come forward and for five minutes Postmaster Haws was busy introducing citizens to Messrs. Hall, Officer and Englehart. The three carriers then started on their first trip.

Carriers All Experienced Men.

Messrs. Officer, Englehart and Hall are all experienced Post Office men, and thus Narberth is assured, from the very beginning, of first class service. There will be two deliveries daily; the carriers will leave the post office at 8 A. M. on the first trip and at 3 P. M. on the second trip.

Messrs. Officer and Hall will make the deliveries on the north side of the railroad and Mr. Englehart will deliver on the south side.

There will, of course, be no Sunday deliveries. The post office, however, will be open the usual time Sunday for those residents who have retained their lock boxes.

Until the new collection boxes are installed, October 1, it will be necessary for residents to go to the post office to mail their letters. And don't forget to buy your stamps at our own Narberth Post Office.

Use Street Addresses and Buy Your Stamps in Narberth

Our citizens are urged to remember that now that we have house-to-house delivery of mail, street addresses should be used in addressing all mail for delivery in Narberth. The only exceptions to this rule will be those cases where a few individuals or business concerns have retained their post office boxes.

By making sure that you have the right street addresses you will assist in prompt sorting and delivering of mail.

Another thing—do not forget to buy your postage stamps and postal cards at our local post office. We do not want to let the receipts of our local office slump. A little thoughtfulness on the part of our residents in this connection will keep the receipts at our local post office up to normal.

Shirt Waist Dance To Be Given July 30

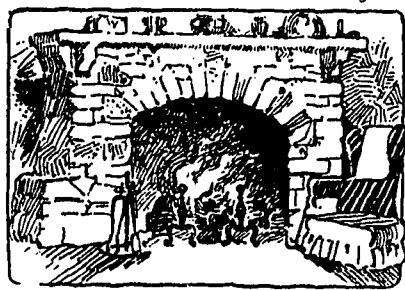

TENNIS ASSOCIATION PLANNING ANOTHER SOCIAL AFFAIR TO BE HELD IN ELM HALL LATTER PART OF MONTH.

Members of the Narberth Tennis Association, their wives, and their friends are warned not to schedule their vacations to include Friday evening, July 30. For on that date the Association will give a shirt waist dance.

Chairman Pattison, of the Entertainment Committee, is already arranging an interesting program, including one special feature which he says will make a big hit with all tennis players.

Within a week or ten days members will be supplied with tickets and all other details of the affair.

The Ladies' Committee of the Association also wishes to announce that it has planned a masque ball for Halloween, Saturday evening, October 30, in Elm Hall.

Mr. C. E. Felten, for 17 years news agent at Narberth, has resigned his position and his smiling face will no longer greet the many commuters who had come to regard "Charlie" as a permanent fixture.

Coroner Neville last week, at Bryn Mawr, investigated the death of four-year-old John Thompson, of Ardmore. The Coroner found that the child had climbed, by means of some logs, to a set up snow plow. As he moved about, the boy slipped and plunged to the ground, falling on his head. His skull was crushed and death was instantaneous.

Bryn Mawr's campaign to obtain \$150,000 for a Bryn Mawr Memorial passed the half-way mark—more than passed it—on Thursday night, when reports of the various teams and the Executive Committee, at the workers' dinner at the Bryn Mawr Fire House, totaled \$81,438.80.

Main Line Employment Bureau Will Close During July and August

The Main Line Employment Bureau will close its office in the Merion Title Building, Ardmore, during the months of July and August.

During the past year this Bureau has been filling a very real need in the community, and has been operating most successfully under the able management of Miss Mary H. Hamilton.

For the quarter ending July 1st, the Bureau has received applications for help from 505 employers, and has made during the three months 189 placements.

The financial condition of the Bureau is very much stronger than it was a year ago at the same time, and the figures show that the Bureau is now on a sound, self-supporting basis.

Narberth Firemen Make Record Getting to Merion Fire

Within just five minutes after the alarm was received the Narberth Fire Company had water on the garage of Mr. H. B. Hopper, on Berkeley Road, Merion.

The alarm was received at 3.40 A. M. Tuesday, and had they been called sooner the garage and automobile might have been saved.

When our boys reached the blaze the building was too far gone to try to save it, although they did save the adjoining garage, which had caught fire. The loss was about \$1,500.00.

On the job all the time, night and day. We're proud of them and glad that we belong to the organization and help to support it.

Lower Merion Issues \$270,000 For Roads

NEW BOND SERIES OF TOWNSHIP WILL MATURE IN SEVEN YEARS AND WILL BE TAX FREE.

The issuance of a new series of highway bonds, tax free and paying 4.6 per cent, has been announced by the Commissioners of Lower Merion Township to provide for road repair and extension throughout the township, which includes Ardmore, Bala, Cynwyd and Merion.

The bonds will be free of the State tax, since the township guarantees to pay that, and will also be free from the Federal income tax. The new issue will mature in series, the first \$30,000 maturing on January 1, 1922, and under the plan the entire series of \$270,000 will be paid off at the end of seven years from date of issue, July 1, this year.

An issue had been prepared for earlier sale, with a 5 per cent. interest, and was on the market; however, a court decision was found which prohibits the issuance of township bonds at more than 5 per cent. With the State tax of four mills added this amount would be exceeded, so the issue was recalled. It was first thought to appeal the decision, but as this action before the Supreme Court would take time the need of the money for road work this year necessitated the reduction in interest in the second issue.

A like bond issue was made in 1913, totaling \$290,000, and payable in series similarly; this issue will be paid off by the time the new bonds are offered. The money so derived was used solely in extending the heavy concrete highways, and as it was found the work outlasts the life of the bonds by several years the issue was a success. Of the eighty-seven miles of metalled roads in the township, exclusive of State and county highways, twenty-six are of Tarvia topping, and a like mileage is of the harder surface, which is the same as the asphalt and concrete city streets.

Lower Merion Township is the largest section of Montgomery County, and is said to pay about 46 per cent. of the county taxes. The section which will benefit by the highway issue extends from Overbrook to Rosemont, along the Main Line, exclusive of the Borough of Narberth, and along the Schuylkill Valley district from Bala to the river.

Editorial

The following letters will no doubt prove interesting to our readers:

Narberth, Pa., June 28, 1920.
Mr. W. R. D. Hall, President,
Council, Borough of Narberth,
Narberth, Pa.

A letter which you directed to Chas. E. Kreamer, President of the local Board of Health, calling attention to the water in the cellar which is breeding mosquitos at the southeast corner of Windsor and Essex avenues, has been referred to me. I shall make an inspection of this house at once, and whatever nuisance there is will be remedied, but I cannot understand why so much fuss should be made over a trifling thing of this character when Brick Row is permitted to breed disease in the fearful form in which it is without any effort being made on the part of the local Board of Health to prevent same. The whole Woodbine avenue district is overrun with whooping cough, measles and kindred diseases of this sort in these pest houses. I communicated these facts to the State Board of Health in a recent letter and an inspector made an investigation and reports that the facts are worse than I have stated, but that they are at the mercy of the local Board of Health. If you wish to confer upon me a courtesy, call at my office and see the letter from the State Board.

WM. T. HARRIS.

Philadelphia, June 30, 1920.
Mr. William T. Harris,
205 Haverford Avenue,
Narberth, Pa.

I am in receipt of your favor of June 28th, in which you report that the nuisance in the cellar of the building at the southwest corner of Essex and

Windsor avenues has been referred to you and that you will take prompt steps for its abatement.

I note also your comment on the condition of the public health in the Woodbine avenue district and, further, that you referred these facts as you found them to the State Board of Health.

I am directing the attention of the Narberth Board of Health to this condition, with a request that it be promptly attended to. You are doubtless aware that all such complaints should be made direct to the local Board of Health rather than to the State Board, which as you have discovered is without mandatory power in cases of this kind.

I am unable to understand the mental attitude which permits you to term a perfectly proper report on a disease breeding condition a "fuss" over a "trifling thing." In my opinion, neither the condition originally complained of nor the subject to which you direct attention are trifling things, but rather menaces which should be promptly attended to by the Board of Health.

In my communication to the President of the Board of Health I am enclosing a copy of this letter to you. I shall avail myself of your kind invitation to drop in your office to see the letter from the State Board of Health.

W. R. D. HALL,
President of the Council.

Philadelphia, June 30, 1920.
Mr. Charles E. Kreamer, President,
Narberth Board of Health,
Narberth, Pa.

I am enclosing herein a letter which I have received from Mr. William T. Harris, together with a copy of my reply to the same.

The condition to which Mr. Harris refers is one which should not be permitted to continue. I trust that your Board will take prompt action in this case.

For a month past I have been receiving complaints that quarantines for contagious diseases have not been properly declared or enforced. In one instance which I know of, the fault undoubtedly lay with the attending physician, who neglected to report a case of whooping cough. It is my belief that your Board should take prompt action to impress upon practicing physicians of all schools that all cases of contagious diseases must be promptly reported so that quarantine notices may be placed, and on the expiration of the quarantine another formal report that the danger is evaded should also be filed with the Board of Health so that quarantine notice may be removed.

I trust that your Board will take immediate action along the lines indicated and that occasion for further complaint of laxness will not be afforded.

Kindly return Mr. Harris' letter when you have finished with it. With kindest regards, I am,

W. R. D. HALL,
President of the Council.

Veteran Stites Pitches Narberth to Victory

9-5 WAS THE SCORE AGAINST BRYN MAWR LAST SATURDAY—NARBERTH PLAYS AT PAOLI THIS AFTERNOON—BRYN AT NARBERTH MONDAY MORNING.

Mickey Burns behind the plate and Fletcher Stites on the slab was the combination that made Narberth's sixth straight win last Saturday afternoon on the High School grounds. Eleven hits off Kooney and five errors for Bryn Mawr also helped a lot.

Question: When will Fletcher Stites quit playing ball?

Inquisitive Answer: Who wants to know?

Final Answer: When the sands of the desert grow cold.

As long as he and the rest of us love the great American outdoor sport and he plays a good game, why should we worry if he has been playing a few years, and besides he's a "young fellow."

necessary to carry the closing details over to Monday evening of this week, to satiate the clamor for the gorgeous bargains with which the carnival abounded. From every standpoint the affair can be described as a splendid success and appreciation in unstinting measure is due all those whose generous co-operation effected the fine results accomplished. Even the Country Store is now forgiven in the joy of it all, notwithstanding their heinous attack on the allied enterprises, involving a soap deprecation that threatened for a time to furnish Constable Walzer with a tremendous fee, but it's all over now, and they promise never to use soap again. Likewise, Francis Carey stands acquitted of the charge of high treason, but it's dangerous business, this, subsidizing a competing venture, and it's a lucky escape he has made. After all, one must reach down to the abyss of long ago to comprehend, even to a limited degree, the wiles of the eternal feminine, and stern condemnation should be mixed with sweet charity when Francis' plight is considered. And there's no question that he will watch his step henceforth.

The surprises of the occasion were not only confined to the myriad of novelties which were displayed, but the highly professional skill which the aids manifested was bewildering in the extreme to those of us who had been content with so little before. The Misses Shea have been camouflaging us right along, that's plain, for they could never have done what they did without learning how, and it can be said to the Carey Trio right now that theirs is a fine and wholesome way and that we're glad they live in Narberth. The ladies at the 57 variety tables, Miss Gleason and Miss Leonard, did a full night's work every night, and did it exceedingly well, as the results they accomplished could not be improved upon. And the crowds liked them, too. The ice cream ladies were on their job every minute, and it was a job, and the manner in which they operated not only indicated the careful attention which they had paid to the instructions of their respective husbands, but they made it very plain that the ice cream business would be a good business for them if said respective husbands decided to stop work. The candy counter, under the supervision of the Misses Connelly and Miss Miesen, effected returns which were away in excess of any previous occasion and they demonstrated that they have fully mastered the art of planning your work and working your plan. The efforts of these young ladies is worthy of no mean tribute.

The utility table worked wonders with the handicaps which their situation imposed on them, and better provision must be made for them next time. They went away over the top with their venture, and copious quantities of generous praise is due them. And last, but by no means least, oh, by no means least, the country store simply galloped away from all previous quotas, displaying a mercantile acumen that was positively startling in its unloading ability, and the end of the fete found their shelves as bare as Mother Hubbard's cupboard. Most of the soap they sold was given to them, but not all of it, and it's Miss Foley who knows the story well. The boss of the booth was not there Monday night, and it was rumored that she was out of the jurisdiction. The Misses Diamond never lost an occasion to add to the general exchequer and no small part of the complete return can be attributed to the zeal with which they applied themselves to the tasks which they accepted.

A complete list of those successful in the various contests would be a summary of Narberth's elect. The ten-dollar gold piece went to Mr. Rudolph, and he's going to add it to the two barrels of the same which he has in his cellar. Ray Weiss won a rubber doll which will probably be showing up in the form of a Ford tire before long, and the genial Mr. Miller took away a very handsome electric lamp, and that possibly means lighter roofing bills henceforth. The book premiums were awarded as follows: Liberty Bond, J. Loughlin, Gladwyne, Pa.; gold watch, Frank Dixon, Merion, Pa.; traveling bag, Miss Louise Maire, Narberth, Pa.; ton of coal, John P. Casey, Narberth, Pa.

Tom Leonard was also on the lawn.

GREAT CREDIT DUE METHODIST CHOIR.

The members and friends of the Methodist Church enjoyed such a musical treat last Sunday evening as has been rarely offered in Narberth. This was in the form of a varied and intricate program comprising several numbers from "The Messiah," "The Twelfth Mass," Gounod compositions, etc., and was rendered by the choir, under Prof. Niece's direction, in a most creditable manner. This choir has been in training only two months, but in that short time has shown remarkable results and ability. The credit is due entirely to the efficient leadership of Prof. Niece, and it is the sincere wish of every music lover of Narberth that this chorus will have continued success with Prof. Niece at its helm.

RELIGIOUS AND PATRIOTIC SERVICE TOMORROW EVENING.

(By the Committee.)

Do not miss the Religious and Patriotic Service on the lawn at Windsor and Hampden avenues on Sunday evening, July 4th, at 7 P. M., for there will be a live and thoroughly experienced leader of community singing to start the town singing. He has a fine baritone voice and will sing a solo. And he is a resident of Narberth, too. Who is he? Mr. George A. Muhl, of Narbrook Park.

A fine male quartette will inspire you to better living with their beautiful selections. Pastor Walls, of the Methodist Church will preach on "Some Compensations of the World War."

Can you afford to miss it?

DEATH OF ROBERT J. ADAMS.

Robert J. Adams, of 309 Conway avenue, passed away at his home on Friday morning, June 25th. He was 38 years old, and leaves a widow and two children, Eleanor and Dorothy.

The deceased was a veteran of the Spanish-American War, and later saw service in the Philippines. After leaving the army he became connected with the Post Office Department, and about two years ago he left there to take a position with the Autocar Company, at Ardmore.

Mr. Adams will always be remembered by those that he knew as a faithful friend, and during the four years that he has lived in Narberth he made many friends.

He was a member of the Odd Fellows, and they conducted services at the home on Sunday night from 7 to 9, and private services were held on Monday morning, burial being at Fernwood Cemetery.

NARBERTH'S PAST POPULATION.

1900	847
1910	1,790
1920	3,704

THE FIRESIDE

(Continued from Page 1.)

Much favorable comment was expressed regarding Narberth's population of 3,704. Such a large increase is unusual to any locality.

The Methodist Church Choir was transported by automobiles to Valley Forge Thursday evening, July 1st, where a dinner was served to them and their friends at Washington Inn, after which an interesting entertainment was furnished to them in the drawing room of the inn. This is a windup of the many social affairs given by the choir during the past year, which of course added greatly to the interest of the organization.

"Oh it's nice to get up in the morning when the sun begins to shine," but it's not quite so nice to get up at 3.40 A. M., get dressed and dash to the fire house in answer to the bell. It is nice to roll over and say, "The boys are on the job and I'm helping with my little \$3.00 every year." Cheap insurance while we have a volunteer fire company.

The Melchoirs are now settled in their new home near Bethlehem, surrounded by old friends and neighbors. The neighborhood is that of their youth, and Mr. Melchior's immediate family reside there. Next week Mr. and Mrs. Melchior and Baby Elizabeth will go to Cornell for the summer session of the University.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 3 lines; 5 cents for each additional line.

MAKE it easier to get around and you make *healthier* and *happier* communities. No one any longer questions the worth of the automobile — or begrudges any *legitimate* expense connected with it.

But millions of car owners are rebelling at the idea that running an automobile has got to mean *waste*.

II

Every now and then you hear a neighbor complain that "he doesn't seem to have much luck with tires."

Send him to us.

The minute a man begins to *question the service* his tires are giving him, he's ready to listen to reason.

Our business is built on the principle that the only way to get better *tire service* is to get *better tires* to start with.

That's why we have taken the representation for U. S. Tires.

III

U. S. Tires have a reputation for quality.

Built up through years of creating better tires. Such as the *straight side* automobile tire, the *pneumatic* truck tire

It is not by chance that U. S. Tires are made by the *oldest* and *largest* rubber concern in the world.

We are proud to represent U. S. Tires in this community.
